## MILITARY SAFETY EYEWEAR

UVEX<sup>™</sup>  
by SPERIAN

Uvex XC for the U.S. Military is the all-in-one solution in protective eyewear. For superior coverage, visibility, comfort, and style, the answer is XC.

### Eyewear Features

- ❶ Dual 9-base wrap-around polycarbonate lens provides uncompromised peripheral vision and superior protection
- ❷ Soft flexible fingers adjust and conform to almost any nasal profile to reduce slippage and improve fit
- ❸ Soft elastomer brow guard diffuses and deflects impact and provides unparalleled comfort
- ❹ A unique ventilation channel between the frame and lens, vents the eye socket area to deliver an outstanding level of moisture and fog control
- ❺ Adjustable temple length for a customized fit
- ❻ Three-position ratchet lens inclination adjusts to complete the fitting system and provides unsurpassed extended wear comfort
- ★ Quick, easy and cost-effective lenses can be changed to accommodate different lighting or applications
- ★ Rx lens insert shields expensive prescription lenses from damage
- ★ Dura-streme<sup>™</sup> coating minimizes fogging and provides superior scratch resistance
- ★ Meets military V<sub>0</sub> ballistic test for impact and ANSI Z87+ and CSA Z94.3 standards
- ★ Lifetime frame guarantee
- ★ Made in USA 

**NEW!**

### Rx Carriers

Stainless steel Rx insert for prescription eyeglass wearers. Rx lenses fit snugly onto the frame, shielding expensive prescription lenses from damage.

### Comfort

The soft elastomer of the brow guard provides a comfort pad at all contact points. Supple, comfortable fingers adjust and conform to different shape nose bridges for snug fit.

## Lens Technology

Uvex Dura-streme™ lens coating delivers the ultimate in anti-fog protection and scratch resistance.

Dura-streme lenses combine our two best lens coatings on one lens: Ultra-dura® on the exterior and Uvextreme® on the interior to provide up to 3x\* more lens life. Uvextreme anti-fog coating performs under the most extreme conditions and will not wear off after repeated cleanings. It is permanently bonded to the lens and retains anti-scratch, anti-static and UV protection properties. Ultra-dura anti-scratch coating is permanently bonded to the lens and is scratch-resistant and chemical-resistant.

Uvex Dura-streme™  
Technology

**Uvextreme®  
Anti-Fog**  
on the inside  
provides anti-fog  
protection near  
your hard-  
working eyes.

**Ultra-dura®  
Anti-Scratch**  
on the outside adds  
up to **3x\* more life**  
to your lenses by  
protecting against  
harsh elements.

\*Comparative lens life test performed using a Bayer Abrasion Test method and may vary between environment and application
